Summary

My proactive problem-solving approach, coupled with a genuine passion for learning, equips me to get immerse myself in any project rapidly. With a foundation in Node.js and backend development, I bring both experience and a rapid understanding of project intricacies. I can seamlessly integrate into the team dynamics, ensuring effective contributions and great communication.

Skills

Nodejs javascript • TypeScript • SQL • React • Express (express.js) • Next.js • Nest.js

Projects

eCommerce Web Application

Feb 2023 – present

5 coworkers

Technologies: Node.js • TypeScript • React • Git • SQL

I developed a Node.js **API** for a Venezuelan ecommerce project. Leveraging **Sequelize** as an **ORM**, I ensured a secure backend with **JWT**-based user authentication. Collaborating with a team of five, I followed best practices and contributed to **api** documentation using **Postman**.

Real Time Chat Application

Nov 2023 – Nov 2023 •

Technologies: TypeScript • Socket.IO • Next.js • Git • Redis

Creation of a real-time chat application as a hands-on exploration of emerging technologies, incorporating advanced features such as **sockets** for real-time communication and **Next.js** for practical **server-side rendering** and **redis** for fast communications. The project served as a practical avenue to deepen technical knowledge.

Education

High School Diploma: Technology

Oct 2016 – Jul 2021 • 4 yrs 9 mos

Colegio Pablo Neruda

Lara, Venezuela

Bachelor's Degree: Computer Science

Feb 2022 – Mar 2025 • 3 yrs 1 mo

Bachelor of Science in Computer Science - Instituto Universitario Jesús Obrero

Lara, Venezuela

Relevant Coursework:

- Software Engineering Principles
- Database Management Systems
- Algorithms and Data Structures
- Web Application Development
- Operating Systems Design

Languages

Spanish (Native or bilingual proficiency)

English (Full professional proficiency)
